

DESCO 50-XT

Arctic Grade Body Fill

Desco 50-XT combines extreme low temperature functionality with protection from hydrogen sulfide corrosion in an economical valve lubricant. Special additives in a low pour point base oil inhibit H₂S corrosive action in valves.

Service Recommendations

Gate valve body fill, lubrication, especially in low temperature applications; general purpose lubrication in low temperatures.

Specifications

Usable temperature range

-70°F to 350°F (-57°C to 177°C)

Penetration / ASTM D-217

265-295 / Bulk

Consistency

NLGI Grade 2

Base oil

Mineral oil

Base oil viscosity

10 cSt at 40°C (typical)

Base oil pour point

-75°F (-59°C)

Additive package

H₂S inhibitor, corrosion inhibitor

Color

Neutral
