

Desco 990-GT

Geothermal Lubricant

Description:

A water insoluble synthetic valve lubricant and anti-seize for use in extreme high temperature environments such as geothermal applications.

The solid lubricant contained in Desco 990-GT allows a greater degree of lubrication at temperatures where most lubricants fail.

Service Recommendations:

Geothermal, steam, kiln car bearings and forging operations.

Typical Characteristics:

NLGI	2
ASTM penetration	265 - 295
Color	black
Temperature range	-0°F to +2000°F (-18°C to +1093°C)

Packaging Information:

Desco 990-GT

Item No.	Size	Quantity	Net Wt.	Ship Wt.
9901-01	5 qt.	1 each	10 lbs.	11 lbs.
9902-01	3-1/2 gal.	1 each	20 lbs.	23 lbs.
9904-01	5 gal.	1 each	40 lbs.	45 lbs.
9910-01	16 gal.	1 each	120 lbs.	130 lbs.
9940-01	55 gal.	1 each	400 lbs.	438 lbs.

Caution: Not Recommended for Hydrocarbon Service
