

premium oilfield
lubricants, sealants & specialties

Blue Barrel Supply is the European distributor of Desco synthetic valve lubricants and ThredOn drilling compounds. These product lines are manufactured in Houston, Texas by South Coast Products LP, a dedicated manufacturer of premium oilfield lubricants for more than 50 years.

Supplying our clients with premium oilfield lubricants is at the core of our business. Talk to Blue Barrel Supply to make sure your business keeps running smoothly when lubricants are involved. As your operational drilling and production business is exposed to an ever changing and more challenging environment.

Solutions provider

Are you experiencing one of the following problems with your valves in the field?

- Leaking, frozen or corroded valves
- HPHT, H2S, CO2 or Sour service in combination with extreme ambient temperatures
- Change in environmental requirements for lubricating tubulars or jacking systems
- Corrosion: SOCO Nautic Shield provides a protective layer on top sides, splash zones or even under water to improve the structural integrity of your jackets and assets

For every challenge Blue Barrel Supply has the solution in house.

Products

Desco valve lubricants & sealants

Any medium ranging from sour crude to hot gasses and water

- General
- High temperature
- Low temperature
- Extreme environment (Arctic | H₂S | CO₂)
- Injectable packing

ThredOn drilling compounds

- Enviro-1: one solution for storing & running tubulars REACH compliant | CEFAS E and Yellow Y1 
- Copperhead: copper based grease
- T-Lok 900 thread locking
- API MODIFIED

ThredOn Enviro-Lube

- EP lubricant for (automated lubrication) jacking and skidding systems REACH compliant | CEFAS E and Yellow Y1 

Specialties

- Wire line, RAM BOP Lube, rig wash, mud pump coolant & general corrosion protection

Some of our clients and end-users

- GDF-SUEZ
- Nuon Power Eemshaven
- BP Refinery Rotterdam
- Baker-Hughes TRS
- Wintershall
- Huisman / Innodril
- Dong Energy
- Seajacks
- Atlantic Marine Services
- Total Refinery Antwerp
- Odfjell Drilling
- Odfjell Well Services
- Robke Erdoel & Erdgastechnik
- Balance Point Control
- Deep Drill
- CK Loosbrock
- Hess Corporation
- Paragon Offshore
- Exalo
- MND Czech
- Apex Tubulars

OEM

In today's environment risk control is a major issue. Therefore our lubricants are extensively tested with equipment of major Original Equipment Manufacturers, whether it is for valves, tubulars, jacking systems or automated lubrication systems.

Contact us for a complete list of OEM-approvals.

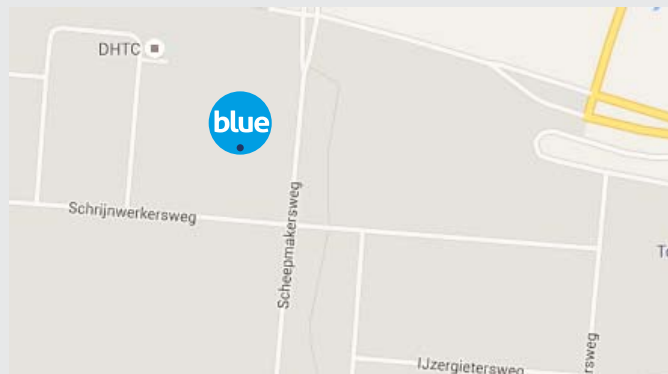

Private label

Besides the manufacturing and supply of its own brand Desco valve lubricants and ThredOn drilling compounds, South Coast Products is an established and well-known partner for private labeling lubricants for major oilfield equipment manufacturers and several oil companies.

Do you have a private labeling request?
Contact us and we will deliver.
